To: Samuel Harrold <samuel.harrold@gmail.com>, Caroline Domile <caroline.domile@springernature.com>

Dear Dr Harrold,

Thank you for sending the additional information for your video byte. It has been added to the project and we will proceed with scriptwriting.

Please let me know if you have any questions in the meantime.

Thanks,

Bhavik

> Hello Bhavik,
>
> Thank you for the quick response. Below are the answers to your questions to assist with the Video Byte script.
>
> 1. What is your intended audience?
> An educated general audience.
>
> 2. What is the specific problem your work addresses?
> Healthcare organizations face a "compounding crisis" of three factors: low technical maturity, high staff turnover ("institutional memory loss"), and technical barriers that prevent clinical experts from accessing data. This framework models how these issues reinforce each other to block digital transformation.
>
> 3. Why should your audience care about this problem?
> Ineffective data use degrades care quality. Strategic data integration provides quantified improvements: reducing hospital readmission rates from 24% to 17.8%, decreasing average length of stay by 3.2 days, and yielding $1.6M in annual cost savings [1].
>
> 4. What limitations does your work have, and what comes next?
> This work is a narrative review and descriptive framework; it does not present new clinical trial data. The next phase involves validating AI-driven frameworks using synthetic healthcare data to democratize data access for clinicians while maintaining strict privacy and data quality standards.
>
> 5. Journal and DOI?
> Submitted to JMIR Medical Informatics. DOI: Pending.
>
> 6. Additional Assets
> Attached are diagrams (SVG, PNG) and captions (TXT) for "Healthcare Analytics Architecture" and "Validated Query Cycle."
>
> I am happy to provide any additional information if needed.
>
> Best regards,
> Samuel Harrold
>
> [1] Latrella, M., and Baldasare, P. (2024). Improving patient outcomes while reducing readmissions with data analytics. Management in Healthcare.

> > Dear Dr. Samuel Harrold,

Thank you for purchasing a Video Byte! I'd like to explain our process in more detail.

A scriptwriter and scientific animator will use the information you provide to create a simple but engaging summary, which will be paired with imagery and music, to create a short and dynamic piece that is designed for sharing via websites, blogs and social media. Once we create the first draft of the Video Byte, we will send it to you for feedback and approval. After you approve your Video Byte, we will send a link to you where you can download the video and a YouTube link to share on social media.

A few examples of such a video can be found **here**.

To begin, we'd appreciate your brief answers to a few questions about the main findings and relevance of your paper. Your answers to these questions are critical to ensure that your Video Byte accurately covers what you feel is most important about your paper.

- What is your intended audience (e.g., an educated general audience, specialists in your field, clinicians)?
- What is the specific problem your work addresses?
- Why should your audience care about this problem?
- What limitations does your work have, and what comes next?
- Could you please provide the name of the journal where your paper will be published, along with the assigned DOI (if available), so we can include them in the video byte?

If you have any high-quality images, you are welcome to share that content with us. Please note that under our Terms of Service, it is your responsibility to determine if it is necessary to obtain any licenses required to use third-party content.

We know that getting the word out about your research can be challenging, and we want to help set you up for success. Many institutions and organizations employ Public Information Officers (PIO) or communications professionals who tell the world what's going on at their institution. If you'd like us to share your Video Byte with a PIO at your institution, please share their email address with us. Doing so will give us permission to copy them on the final delivery email.

We will be in touch with a draft of your video in about three weeks, at which time you will have an opportunity to provide feedback on the accuracy of the text and the appropriateness of the imagery used.

We look forward to working with you!

Kind regards,
Bhavik

Dear Dr Harrold,

I hope you are doing well.

I am writing to kindly follow up on the revised video shared earlier. When you have a moment, could you please review it and let us know if we may proceed with approval?

For your convenience, here are the details again:

Vimeo link:
https://vimeo.com/1161046047?share=copy&fl=sv&fe=ci

Password: AJE_Healthcare

If possible, we would appreciate receiving your feedback by **17 February 2026** so we can proceed accordingly and avoid any delays.

We look forward to your confirmation.

Best regards,
Bhavik

Office 365

Your message to as_support_backup@aje.com couldn't be delivered.

as_support_backup wasn't found at aje.com.

support **Action Required**	**Office 365**	**as_support_backup** Recipient

Unknown To address

How to Fix It

The address may be misspelled or may not exist. Try one or more of the following:

- Send the message again following these steps: In Outlook, open this non-delivery report (NDR) and choose **Send Again** from the Report ribbon. In Outlook on the web, select this NDR, then select the link "**To send this message again, click here.**" Then delete and retype the entire recipient address. If prompted with an Auto-Complete List suggestion don't select it. After typing the complete address, click **Send**.
- Contact the recipient (by phone, for example) to check that the address exists and is correct.
- The recipient may have set up email forwarding to an incorrect address. Ask them to check that any forwarding they've set up is working correctly.
- Clear the recipient Auto-Complete List in Outlook or Outlook on the web by following the steps in this article: Fix email delivery issues for error code 5.1.10 in Office 365, and then send the message again. Retype the entire recipient address before selecting **Send**.

If the problem continues, forward this message to your email admin. If you're an email admin, refer to the **More Info for Email Admins** section below.

Was this helpful? Send feedback to Microsoft.

More Info for Email Admins

Status code: 550 5.1.10

This error occurs because the sender sent a message to an email address hosted by

Office 365 but the address is incorrect or doesn't exist at the destination domain. The error is reported by the recipient domain's email server, but most often it must be fixed by the person who sent the message. If the steps in the **How to Fix It** section above don't fix the problem, and you're the email admin for the recipient, try one or more of the following:

The email address exists and is correct - Confirm that the recipient address exists, is correct, and is accepting messages.

Synchronize your directories - If you have a hybrid environment and are using directory synchronization make sure the recipient's email address is synced correctly in both Office 365 and in your on-premises directory.

Errant forwarding rule - Check for forwarding rules that aren't behaving as expected. Forwarding can be set up by an admin via mail flow rules or mailbox forwarding address settings, or by the recipient via the Inbox Rules feature.

Recipient has a valid license - Make sure the recipient has an Office 365 license assigned to them. The recipient's email admin can use the Office 365 admin center to assign a license (Users > Active Users > select the recipient > Assigned License > Edit).

Mail flow settings and MX records are not correct - Misconfigured mail flow or MX record settings can cause this error. Check your Office 365 mail flow settings to make sure your domain and any mail flow connectors are set up correctly. Also, work with your domain registrar to make sure the MX records for your domain are configured correctly.

For more information and additional tips to fix this issue, see Fix email delivery issues for error code 5.1.10 in Office 365.

---------- Contents ----------

Dear Dr Harrold,

I hope you are doing well.

I am writing to kindly follow up on the revised video shared earlier. When you have a moment, could you please review it and let us know if we may proceed with approval?

For your convenience, here are the details again:

Vimeo link:
https://vimeo.com/1161046047?share=copy&fl=sv&fe=ci

Password: AJE_Healthcare

If possible, we would appreciate receiving your feedback by **17 February 2026** so we can proceed accordingly and avoid any delays.

We look forward to your confirmation.

Best regards,
Bhavik

Dear Samuel Harrold,

Thank you for approving your Video Byte. Now comes the most important part of the process: sharing your video as widely as possible!

We have posted your video to Vimeo (https://vimeo.com/1161046047?share=copy&fl=sv&fe=ci Password: AJE_Healthcare), where you can download the video in low or high resolution at any time by using the link under the title below the video. Please see our Video Bytes overview sheet (attached) for more helpful information on how to maximize your video's viewership! You can also find the tags that we used to make your video more discoverable by clicking "More" beneath to the title of your video on Vimeo. You are welcome to use these tags if you decide to share your video on your own platforms.

We love showcasing videos on the AJE Facebook, X (Twitter), and LinkedIn channels, and if your video is shared, your article will be referenced in each post. Please consider following our social media pages and sharing our posts to maximize the exposure of your video. Please note that in some cases, certain restrictions may prevent us from sharing your video. You will be able to post to your own social media channels using this YouTube Link: https://youtu.be/q4sE4O9F9pU.

Thank you again for working with us to create your Video Byte! Please do not hesitate to contact me if you have any questions.

If you have a moment, please take our 2-minute survey regarding this service.

Best wishes,
Darshan J

How would you rate our customer service?

Good Okay Bad
